II. Real Estate Department

A. Bond Volume/4% Credits – Spanish Oaks Apartments Phase 1

Chairperson Sheridan recognized Peter Nelson, who presented Bond Volume/4% Credits – Spanish Oaks Apartments Phase 1.

Background:

IHCDA is empowered to act as the housing credit agency for the State to administer, operate, and manage the allocation of the Internal Revenue Service Section 42 low-income housing tax credit (LIHTC) program. The purpose of the LIHTC is to provide an incentive for private developers and investors to provide more affordable rental housing. This may be accomplished by new construction and rehabilitation of existing structures.

Process:

On January 1, 2021, IHCDA began the 2021A-B bond round for multi-family bond volume. The 12th application received and reviewed represented a total development cost of \$42,798,785 with \$34,846,553 in bond volume and \$1,873,805 in LIHTCs annually for 10 years to rehabilitate 416 units of affordable housing.

Exact Capital Group LLC and Heritage Affordable Communities are partnering to rehabilitate the Spanish Oaks Apartments on the Eastside of Indianapolis. Phase I consists of 416 one, two, and three-bedroom units for families. Each unit will have refinished kitchen spaces, HVAC replacements, and new energy efficient windows. The site is adjacent to an IndyGo bus

stop and is nearby to many community amenities including schools, a health center, a pharmacy, and child care. The Development Summary Sheet is attached hereto as Exhibit A.

During the round, the Real Estate Department staff reviewed the application to ensure it met the criteria set forth in the 2022 Qualified Allocation Plan.

III. Community Programs

A. FY 2021 Balance of State Continuum of Care Allocations & Methodology

Chairperson Sheridan recognized Kristin Garvey, who presented the FY 2021 Balance of State Continuum of Care Allocations & Methodology.

Background:

The Continuum of Care ("CoC") funding for Permanent Supportive Housing and Rapid Rehousing projects is awarded through a competitive funding process by the U.S. Department of Housing and Urban Development ("HUD"). The Indiana Balance of State ("IN-BoS") is comprised of 91 of the 92 counties in Indiana, excluding Marion County. In order to apply for the funding through the Collaborative Application process, the BoS Continuum of Care ("IN-BoS-CoC") Board of Directors conduct an internal application process administered by IHCDA that encourages eligible housing service providers within the BoS CoC to apply for CoC funding. Through the internal application process/competition the applicants are scored and ranked. Afterwards, IHCDA submits a formal application to HUD. HUD will make the final decision on whether an entity will receive funding and the amount of funding each entity will receive.

The IN-BoS-CoC Board designated IHCDA as the Collaborative Applicant, which means IHCDA is eligible to apply for Continuum of Care planning funds on behalf of the IN-BoS-CoC. A letter from the IN-BoS-CoC Board describing its participation in the Notice of Funding Opportunity for the CoC funding and the internal application process/competition is attached hereto as **Exhibit E**.

Process:

The FY2020 COC Competition was suspended due to the COVID-19 pandemic and HUD renewed all current projects based on FY 2019 awards. In April 2021, HUD opened the registration for the FY2021 Notice of Funding Opportunity ("NOFO") for CoC funding. Current project funding recipients were required to submit documentation for review during the Internal Renewal Competition by May 21, 2021. On August 17, 2021, HUD released the final FY 2021 NOFO for CoC funding, which allowed for all current projects to be ranked in Tier 1 of the funding allocation. The IN-BoS-CoC Board then requested that both renewal and new project applications be submitted by October 1, 2021, in order to be included in the Collaborative Application that will be submitted on behalf of the Indiana Balance of State. New projects were scored by non-conflicted reviewers and added to the list of current projects, which were previously scored. The final project ranking was reviewed by the Funding and Resource Committee on October 12, 2021 and was then approved by the IN-BoS-CoC Board of Directors on October 14, 2021.

The IN BoS CoC portfolio of potential awards consists of both renewal applications and new and/or expansion applications, that consists of Permanent Supportive Housing, CoC Rapid Re-Housing, HMIS, Coordinated Entry (CE) and domestic violence-specific projects. The amount of 2021 funding being requested by IHCDA is summarized accordingly:

| Table A | | | | |
|----------------------|-----------------------|------------------|--|--|
| Туре | Applications Received | Requested Amount | | |
| Renewal Applications | 64 | \$17,141,510 | | |
| New Applications | 6 | \$1,061,506 | | |
| HMIS Funding | 2 | \$679,912 | | |
| CE Funding | 3 | \$756,130 | | |
| DV Bonus Funding | 2 | \$344,126 | | |
| Planning Grant | 1 | \$786,859 | | |
| | TOTAL | \$20,770,043 | | |

A list that contains the housing providers that are being proposed for funding is set forth in **Exhibit F**, attached hereto and incorporated herein. A map that depicts the Indiana Balance of State regions is set forth in **Exhibit G**. Final funding decisions will be made by HUD after the Collaborative Application is submitted.

Key Performance Indicators

Organizations that receive CoC funding are evaluated on several key performance indicators ("KPIs") that are reviewed and scored annually during the internal application process/competition. These KPIs include, but are not limited to, the following: adherence to housing first principles, HMIS data quality, coordinated entry participation, exits to permanent housing, increases in household total and earned incomes, utilization rate and expenditure of CoC grant funds, number of individuals served, and the project's cost effectiveness. New projects were also evaluated on new equity factors that HUD is currently incorporating into the COC process. In addition, bonus categories such as participation in training opportunities, agreement compliance, and COC collaboration were evaluated You may be asked to speak on this.

Following discussion, a motion was made by J. June Midkiff to approve the use of the current methodology for scoring and ranking that was created by IHCDA staff and the Indiana Balance of State Continuum of Care Board of Directors for scoring

and ranking of the FY 2021 CoC applicants set forth in **Exhibit F**, attached hereto, as recommended by staff. The motion was seconded by G. Michael Schopmeyer. The motion passed unanimously.

RESOLVED, that the Board approve the use of the current methodology for scoring and ranking that was created by IHCDA staff and the Indiana Balance of State Continuum of Care Board of Directors for scoring and ranking of the FY 2021 CoC applicants set forth in **Exhibit F**, attached hereto, as recommended by staff.

Following discussion, a motion was made by J. June Midkiff to approve allocating BoS CoC Grant funds in an aggregate amount not to exceed \$20,770,043 for the FY 2021 Continuum of Care annual funding application for the organizations listed in **Exhibit F**, as directed by HUD, attached hereto, as recommended by staff. The motion was seconded by G. Michael Schopmeyer. The motion passed unanimously.

RESOLVED, that the Board approve allocating BoS CoC Grant funds in an aggregate amount not to exceed \$20,770,043 for the FY 2021 Continuum of Care annual funding application for the organizations listed in **Exhibit F**, as directed by HUD, as recommended by staff.

B. Emergency Solutions Grant CARES Act Final Year Update and Re-Allocation

Chairperson Sheridan recognized Kristin Garvey, who presented the Emergency Solutions Grant CARES Act Final Year Update and Re-Allocation.

Background:

In 2020, IHCDA received Emergency Solutions Grant (ESG-CV) funding through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136 from the U.S. Department of Housing and Urban Development (HUD). IHCDA received a total allocation of \$31,977.694. ESG-CV funds must be used to prevent, prepare for, or respond to the coronavirus pandemic (COVID-19) among individuals and families who are homeless or receiving homeless assistance; and to support additional homeless assistance and homelessness prevention activities to mitigate the impacts of COVID-19. In July 2021, HUD issued new guidance that changed the scope of the award and added additional areas of assistance. Two changes, which made the most impact, were 1) funding for Emergency Shelters was extended to the end of the funding period (September 2022) instead of the original January 2022 deadline and 2) rental assistance was extended from 12 months of assistance to 24 months of assistance. Because of these substantial changes, the Community Services grants team will need to make changes to the original allocation plan.

Process:

In 2020, IHCDA made a substantial amendment to the Consolidated Plan with HUD to request permission to allocate funding to the following activities: Homelessness Prevention, Rapid Rehousing, Emergency Shelter, and Street Outreach as well as HMIS, training and admin. These activities will be undertaken on a statewide basis (with the exclusion of Marion County). In addition, a substantial amendment was made in March 2021, in which IHCDA allocated funding to itself so that it could provide direct rental assistance to regions in the state where subrecipients did not have the capacity to meet the demand of the assistance being requested.

In June 2021, IHCDA Community Services grants team executed an ESG-CV agreement extension with the subrecipients that included 1) an extension of funding to September 2022; and 2) an expectation that subrecipients submit a spending plan that would require them to meet certain thresholds such as expending 50% of their funds by December 2021 and 3) expending 80% of their funds by March 2022. After HUD released its guidance in July, the Community Services grants team worked with subrecipients to better understand and anticipate their spending needs through the end of the funding cycle so the Community Services grant team could determine how to redistribute funds to the appropriate activities.

Table A summarizes the requested amended allocations that are needed to accommodate the July 2021 HUD guidance changes. Exhibit A includes a detailed listing of all ESG-CV subrecipients and their current funding amounts. Because of the substantial nature of the reallocations, IHCDA will submit an amendment to its spending allocation plan that is included in the FY 2019 Consolidated Plan's Substantial Amendment, initially submitted in 2020.

IV. Executive

A. Executive Update

Chairperson Sheridan recognized J. Jacob Sipe, who presented the Executive Update and discussed the following topics:

1. Eviction Diversion Task Force:

- a. Last Friday October 22, 2021 the Indiana Supreme Court issued an order to create a pre-eviction diversion program. It came out of the Indiana Housing Eviction Taskforce. J. Sipe is a member of this taskforce.
- b. The eviction diversion program starts on November 1, 2021. The Indiana Housing Eviction Taskforce is a voluntary program for renters and landlords. Part of the plan of implementing the program is to allow renters to apply for the Indiana Emergency Rental Assistance Program.
- c. IHCDA will be expanding to include all 92 counties to allow even those who are in a county that administers its own rental program will have a new tool and an option to apply to Indianahousingnow.org or apply for rental assistance though their county's program. This will give renters and landlords another tool to use across the state to apply for the available Emergency Rental Assistance Funding.
- d. Jacob stated that he is excited to be a part of this and be able to coordinate and participate with the Taskforce and the other municipalities.

2. <u>Indiana Emergency Rental Assistance Program:</u>

a. The October 25, 2021 report, that IHCDA posted on its website, indicates that IHCDA has assisted just over \$23,000 renters, \$61M in direct payments have been made for rent, and almost \$4M utilities assistance has been provided. The total obligated and paid amount is almost \$220M. Currently there are 6,500 applications that are in process.

3. <u>Low-Income Household Energy Assistance Program and Low-Income Household Water Assistance Program:</u>

- a. The Low Income Household Energy Assistance Program ("LIHEAP") and the Low Income Household Water Assistance Program both started accepting application on October 1, 2021.
- b. Next week utility vendor payments will start to be sent out.
- c. There are two funding sources available for LIHEAP this year. There is the annual appropriation that IHCDA receives, IHCDA has not received a final number regarding this amount yet, historically, that

number has been around \$75M. There is a continuing resolution in effect before the final amount is received. In addition, IHCDA received an additional \$114M through the American Rescue Plan Act (ARPA).

- d. IHCDA is taking a two prong approach to utilize this additional funding, related to energy:
 - i. There is a statewide marketing campaign to bring awareness and encourage renters and homeowners who may qualify to make sure that they are applying and that IHCDA is serving those who are qualified.
 - ii. IHCDA increased the benefit for this year by adding a \$175 benefit to each utility, electric and gas, and up to \$350 per household for all energy assistance recipients. IHCDA will also pay of arrearages to bring households current on their bill; if they have arrearages and this goes above and beyond a crisis benefit that the household may have received.
- e. The water program will last until September 2023. The water program and the Energy Assistance Program ("EAP") are aligned with a universal application so that households will be able to apply for both programs with one application rather than being required to use two different applications to apply for assistance for these programs.
- f. Both programs were launched on October 1, 2021, and as of this week, IHCDA has approved over 10,200 applications for EAP. IHCDA has committed just under \$8.9M for the EAP. IHCDA does not have the water numbers yet.

4. Homeowner Assistance Fund Program:

- a. The Homeowner Assistance Fund ("HAF") is a new program that is funded by the U.S. Department of the Treasury ("Treasury"). In August IHCDA submitted a plan to Treasury to launch the program. IHCDA has not received any feedback or guidance from the Treasury on when IHCDA can launch the program.
- b. IHCDA has been encouraging homeowners who have been struggling or impacted by the Pandemic, who may qualify for the program, to sign up to receive updates regarding HAF. Homeowners can go to 877gethope.org to get those updates.
- c. Approximately 3700 individuals or households have signed up to receive updates regarding HAF.

5. Indiana Foreclosure Prevention Network:

- a. Knowing that we have approximately 3700 households on the HAF update list that are seeking assistance and potentially qualify for HAF assistance, it is good that IHCDA has the Indiana Foreclosure Prevention Network ("IFPN").
- b. IFPN is comprised of IHCDA partners that provides housing counseling.
- c. IHCDA wants to utilize the IFPN to help these households as we wait from Treasury. IHCDA has some money remaining in the IFPN budget that is approximately \$179,000. IHCDA would like to work with the IFPN housing counselors to conduct outreach to the individuals on the update list.
- d. The Treasury is putting emphasis on the importance of loss mitigation and the counselors will be able to facilitate this communication between homeowners and service lenders to help them provide assistance for a loss mitigation strategy.
- e. IHCDA is not sure what the Treasury guidance will provide when it comes to loss mitigation, but IHCDA will be proactive with the IFPN to provide outreach efforts and to work with the homeowners who have signed up to receive updates to see if loss mitigation might be an opportunity for them as IHCDA waits for Treasury. If so, the homeowners will be ready to go when the program is launched.
- f. In November 2017, IHCDA's Board of Directors approved \$1.5M of the IFPN budget for housing counseling. Between then and now, IHCDA has been able to spend \$1,385,000.00 of those dollars. IHCDA has \$179,000 left and that's where we will start. With the counseling agencies it will reach about 1200 homeowner households to begin the loss mitigation process.
- g. There is about \$65,000 left that was never approved by the IHCDA Board and there was a little money still coming in from some of the filing fees after the program sunset. The \$64,000 that's over the\$1.5M that the Board originally approved back in 2017, IHCDA will come back to the Board to ask for the remaining \$64,000 to be used for housing counseling as part of the loss mitigation strategy.
- h. J. Sipe thanked Chris Nevels who has stepped into this role and has done an outstanding job with getting the program up and ready with the housing assistance fund and recognizing the importance of the foreclosure prevention counseling partners with this new program. It's a challenge trying to launch a program without a lot of guidance from the Treasury when there are homeowners that need some assistance and guidance. IHCDA is glad that it can add another tool to assist homeowners and help to prevent foreclosures.
